PROJECT NFT'S DOG ADOPTED

for responsible possession and adoption

V. 1.0
November 27, 2023
España

<https://dogsolution.org/>

"Our NFT project focuses on the adoption of rescued greyhounds, creating digital tokens exclusives that celebrate the story of each adopted greyhound and allocating the funds raised to organizations dedicated to the well-being of these wonderful dogs whit the aim of finding them loving and safe homes."

IT IS NOT A SPECULATIVE PROJECT, nfts are not expected to revalue their value in time, it is a project to help.

Our mission

"Our mission is to use NFTs technology to support the adoption of rescued greyhounds, creating unique tokens that tell their stories and raise awareness about their plight.

Through the sale of these NFTs, we allocate the funds to animal rescue and welfare organizations, with the aim of providing loving, permanent homes for greyhounds and promoting positive change in their lives."

COLLECTIONS OF NFT'S

"We present our exclusive collection of greyhound NFT'S, where each digital token celebrates the beauty and nobility of these rescued dogs. with the purpose of generating funds that support their adoption and well-being."

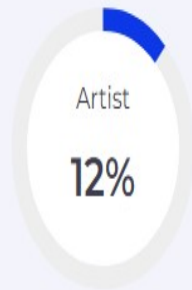

If new shelters or shelters were added later, new collections will be created and this will be updated "whitepaper".

TOKEN DISTRIBUTION

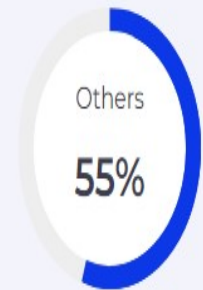

- Towards animal shelter for food, medical care, and homes.
